

TESORO CORPORATION

A Tetra Tech Company

LUBE OIL FACILITY

Naval Station, Norfolk, Virginia

PROJECT CATEGORY:
Industrial Facilities

CLIENT:
Naval Facilities Engineering
Command, Mid-Atlantic

ARCHITECT:
Government Design

PROJECT DELIVERY:
Design-Bid-Build

CONTRACT AMOUNT:
\$5.7 Million

COMPLETION DATE:
January 2008

The project entailed construction of a new lube oil storage facility for receiving, storing, and dispensing three lube oil petroleum products from a total of nine pile-supported lube oil storage tanks (five new and four relocated) and three associated product-dispensing stations.

This secure facility included a canopy-covered truck loading/off-loading area, a ruck service and parking area with spill containment measures, and a new seventy-five square meter Operations Building.

The project also included the demolition of eleven existing lube oil tanks and two existing fuel tanks with associated berms that include pumps, truck loading arms, tank monitoring equipment and a lube oil pump control system.
